

I have been very much obliged to you for the
 information you have given me in relation to
 the American Society for our
 discharge the Stewardship
 but that a blessing may
 attend them in the increase
 knowledge they may give of what
 slavery is & in the increased sympathy
 for its victims. As I do not exactly
 know the contents I cannot speak

definitely of the gift - I hope there
are some of your admirable tracts
I have been asked for Tract no 2. by
some of our friends who sympathize
with Approp'd Study & who wish to
find our patriots on the side of the
Approp'd in America. If there is
not one in the parcel perhaps a few
may be sent at some future
opportunity - I have also been asked
to order a photograph from Graded's
best of Brown & a copy of the
other photograph as well. Perhaps
these might come by the first
opportunity also. My last note
would indicate that how glad we
are that we have anticipated it in sending
Dr. Chace's new book - it was very
kind & judicious. Now, my
dear friend, I am afraid I am very
troublesome - these supplementary orders
are not what I should wish to give
these - but I cannot collect all at
once & I cannot well refuse to
gratify our friends by communicating
them; only I may add please ^{do} not take

much trouble & use thy judgment
about sending my little commissions
from time to time; & I hope to settle
our accounts before my long; & this
brings me to the probability that this
may be a personal settlement - The
thought of thy coming has been
before us for a long time & it has
assumed a definite shape in thy
letter to Mary Estlin which (almost of course)
she showed me. It will be a great
pleasure to see thy face & take thee
by the hand & I hope I shall not be
disappointed as I was when thy coming
was here. The idea mentioned in thy
last to me of our having W. L. Garrison
to be exceedingly interesting, it
would have been a great privilege
to have seen this beloved friend
& noble man once more in the flesh.
But according to thy letter to M. E.
this prospect seems at present
clouded over - perhaps it may
clear again & at all events we may
trust all will be for the best.
We have had great conflicts with
H. Murray & his associates - we don't
know the latter. Lyburn & Stuart, but they

are in bad company) we expect
some more battling in August
at the great reformation meeting.
Some audacious persons named
Gardner Spring as a suitable person
to invite - but there was a check
put to that - a letter thus
appeared in the Witness explaining
Dr. Spring's antecedents & how from
Dr. Spring through a friend, came an
angry denial of some of the charges.
As we have a little left work to
be done, it is very useful as a means
of keeping the matter before the public
although it may not keep these
men from the pulpits. - Perhaps
we may have their aid in our warfare
in the course of a few months & at all
events a little personal conference
will be very valuable. May I ask
then to send the enclosed to Richard
Willsbury & Dr. W. S. Bailey - some time
ago I think on the 23rd of March I
enclosed in a letter to thee an envelope
for W. S. B. containing \$10. ... in
letter of Credit, we have had some
objection & are a little anxious
This is a note of enquiry respecting the
former, will thou forward it. We have
